

John DOE

Software Developer
New York

Hi, my name is John Doe. I'm just about the most boring type of person you could possibly imagine. I like collecting leaves from the tree in my back yard and documenting each time I eat a peanut that is non-uniform. I am not a robot. Please hire me.

I have a lot of experience doing things that are not very interesting. I am a hard worker and I am very good at doing things that are not very interesting.

Also proficient in Adobe Photoshop and Illustrator, grew up bilingual (English and Klingon).
